

## **Ledra Conditioner**

Ledra Conditioner is a specialty blended combination of natural and synthetic sulphated oils designed to impart a softness and waxy feel to leather. It is a superior leather care product for saddlery, harness, boot and strap leathers.

### **Typical Analysis:**

|                            |             |
|----------------------------|-------------|
| Charge:                    | Anionic     |
| Active matter:             | 75%         |
| Combined SO <sub>3</sub> : | 3.0 – 4.0 % |
| pH (10% Solution):         | 7.0 – 8.0   |

### **Emulsion Characteristics:**

10% Solution in distilled water: Milky, stable

### **Shelf Life:**

Can be stored for 6 – 12 months when stored properly.  
Mix well before using. Keep from freezing or overheating.

### **Application:**

Ledra Conditioner is recommended for crust or finished leather, which has become dry and hard from long storage or use. Dried-out leather is reconditioned by spraying or swabbing an emulsion of 20-25% Ledra Conditioner and warm water.
